

Quality Improvement: Beach

Immunization Measure		
Measure 1: Immunization Influenza vaccination	1. Measure selected for improvement; reason for selection	As a pediatric practice, our patients are considered to be one of the more vulnerable patient populations when it comes to the Flu virus. For this reason, we feel that it is important to continually focus on improving our numbers with regards to patients that receive this important immunization
	2./3. Baseline performance measurement; numeric goal for improvement (QI 01)	Baseline Start Date: 09/19/2016 Baseline End Date: 10/18/2016 Baseline Performance Measurement: 39.34% Numeric Goal : to increase our baseline from 39.34% to 45%
	4. Actions taken to improve and work toward goal; dates of initiation (QI 08)	Action: To improve accessibility Flu Clinics were provided at all locations. Visits are for flu shots only and will be a nurse only visit. Date Action Initiated: 10/18/2017
	5. Re-measure performance (QI 12)	Start Date: 10/18/2017 End Date: 12/1/2017 Performance Re-measurement: 46.07%
	6. Assess actions; describe improvement (QI 12)	During the two month re measurement period from October 2017 to December 2017, there was a 6.73% increase in the number of patients who received Flu vaccinations.

Behavioral Health Measure

Measure 2: Chronic ADHD Management	1. Measure selected for improvement; reason for selection	<p>As uncontrolled ADHD can result in negative impacts in other areas of our patient lives, we feel it is important to improve compliance with ADHD Management.</p>
	2./3. Baseline performance measurement; numeric goal for improvement (QI 01)	<p>Baseline Start Date: 6/1/17 Baseline End Date: 7/3/2017 Baseline Performance Measurement: 3.63% Numeric Goal: 10% increase from baseline</p>
	4. Actions taken to improve and work toward goal; dates of initiation (QI 08)	<p>Action: A Quality Metrics team member developed a new internal ADHD patient tracking system, with the assistance with the pop-up reminders that is embedded in the EMR for patients' due/overdue ADHD maintenance visit, to ensure compliance with maintenance. Date Action Initiated: 07/05/2017 Additional Actions: Insurance companies put in place a monetary incentive for Angel Kids Pediatrics and our providers to ensure appropriate ADHD maintenance.</p>
	5. Re measure performance (QI 12)	<p>Start Date: 09/01/2017 End Date: 12/01/2017 Performance Re measurement: 31.13%</p>
	6. Assess actions; describe improvement. (QI 12)	<p>During the three month re measurement period from September 2017 to December 2017, there was a 27.5% increase in the number of patients who received ADHD management plans at their maintenance visit.</p>

Preventative care Measure

Measure 3: Preventative Nutrition Counseling for Children	1. Measure selected for improvement; reason for selection	<p>As obesity is becoming a bigger problem in our country and the impacts of obesity reach into many areas of a patient's health, we feel that it is imperative to increase education to improve our patients' ability to make healthy nutritional choices.</p>
	2./3. Baseline performance measurement; numeric goal for improvement (QI 08)	<p>Baseline Start Date: 05/01/2017 Baseline End Date: 06/01/2017 Baseline Performance Measurement: 73.83% Numeric Goal : 5% increase from baseline</p>
	4. Actions taken to improve and work toward goal; dates of initiation (QI 08)	<p>Action: Providers were made aware of their clinical quality measures and the actions that needed to be taken to improve their percentage scores. Providers were instructed to begin providing nutritional counseling at each well child check and include the ICD-10 code in the rendered services so that the report could be pulled for progress reports.</p> <p>Date Action Initiated: 07/01/2017</p> <p>Additional Actions: Insurance companies put in place a monetary incentive for Angel Kids Pediatrics and our providers to ensure appropriate health screening.</p>
	5. Re measure performance (QI 12)	<p>Start Date: 07/03/2017 End Date: 08/03/2017 Performance Re measurement: 91.48%</p>
	6. Assess actions; describe improvement. (QI 12)	<p>During the one month re-measurement period from July 2017 to August 2017, there was a 17.65% increase in the number of nutritional counseling at each well check.</p>
